

Dynamite

Anya Marina

Hit the deck, watch your back
Don't say I never warned you
Not to light it, light it
Lit fuse, bad news
Take it or leave it
Don't you fight it, fight it

We are, we are
The young and breathless
We are, we are
The young and reckless

Gonna take you high, high, high
Only got this life, life, life
Gonna blow your mind, mind, mind
'Cause I'm dynamite, -mite, -mite
Yeah I'm dynamite

Big Bang, so sweet
Knock you off your feet
I know you like it, like it
I'm a sound wave, no mistake
Hold your breath, I know
You wanna ride it, ride it

We are, we are
The young and breathless
We are, we are
The young and reckless

Gonna take you high, high, high
Only got this life, life, life
Gonna blow your mind, mind, mind
'Cause I'm dynamite, -mite, -mite
Yeah I'm dynamite
Yeah I'm dynamite

Right when you think you can hold me
Gonna knock you down
Right when you think that you know me
Gonna knock you out
Right when you think you can hold me
Gonna knock you down
Right when you think that you know me

Gonna take you high, high, high
Only got this life, life, life
Gonna blow your mind, mind, mind
'Cause I'm dynamite, -mite, -mite
Yeah I'm dynamite
I'm dynamite
