

You're so serious, mysterious
Don't front - I know you've been feeling this
I got wind you caught some kind of fever
You'd better bet I'll make you a believer

I don't know you but I like you even though you're dumb
It's a shame you're so insane you could be so much fun

You know I love you - there's no one else
If you don't like it then go fuck yourself!
Hey hey!

I can't read you, I wanna see you
Pick up the phone, buzz me in, I got a sweet tooth
You think I'm bad news? I got some sad news
I won't be walking out the door until I have you

I don't know you but I like you even though you're broke
I just want you for your body and your stupid jokes

You know I love you - there's no one else
If you don't like it then go fuck yourself!
Hey hey!
Hey hey!

You're such a flake, you're always late
You never pay for brunch
So self-involved, you only call me when you're super drunk
And all my friends think I'm too good for you, they hate your guts
But I don't care, I think you're hot

Oh, I don't like you, but I like you, even though you suck
It's a shame you're so insane 'cause I still wanna make out

You know I love you - there's no one else
If you don't like it then go fuck yourself!
Hey hey!
Hey hey!
