

# Ghost Walk

Anya Marina

Ghost walk through the hallway  
Go ahead and die  
I live off silence and dark  
I'll grow a super human heart

I don't need anything  
I don't need anyone  
I don't need  
I don't need anything  
I don't need anyone  
I don't need

I'll take your silence and I'll feed it to the dogs  
And after that I'll grow so full with love and tenderness for no one ever, ever, ever, ever, ever

I don't need anything  
I don't need anyone  
I don't need anything  
I don't need  
I don't need anything  
I don't need anyone  
I don't need anything  
I don't need

Enemy...  
(Is it true?  
Is it true?)

Enemy...  
(Is it true?  
Is it true?)

Enemy...  
Is it true?  
Is it true?

Enemy...  
Is it true?  
Is it true?

I don't need anything  
I don't need anyone  
I don't need anything  
I don't need  
I don't need anything  
I don't need anyone  
I don't need anything  
I don't need

Ghost walk through the hallway  
Go ahead and die  
I live off silence and dark  
I'll grow a super human heart
