

## Love the Most

Anya Marina

Promise you the moon, then they disappear  
These are the people who we always hold so dear  
For years and years

They run away after they get close  
These are the people who we love to love the most  
Only the heart ever knows

For this moment won't you say you'll stay?

Kiss under the stars, knowing it's the last  
These are the hours that always go too fast  
Then it's all in the past

They say they'll see you there  
Then they never show  
These are the people who we love to love the most  
Why, nobody knows

For this moment won't you say you'll stay?  
For this moment can't we stay this way?

'Cause I'm in love with you (I can't seem to hide it)  
I'm in love with you (no use in fighting it)  
I know we're through so let's ride this love until the end

'Cause I'm in love with you (I can't seem to hide it)  
I'm in love with you (no use in fighting it)  
I know we're through so let's ride this love until the end  
'Cause I'm in love with you  
I'm in love with you  
I'm in love with you so let's ride this love until the end
