Over You

Anya Marina

```
I was never gonna leave, spend all day sleeping
Didn't shower for a week, blew off the weekend
I ignored every phone call, everything felt so wrong
Cry cry till I sleep
You really got to me, you got to me

I could've spent forever blaming you for this
Pretending that you left me here for dead

But I woke up and said, "Love is stupid"
I got up and got over you
Uh-huh, uh-huh, uh-huh, uh-huh
If I learned one thing from all this hurtin'
I'm amazing and you're the worst
Uh-huh, uh-huh, uh-huh, uh-huh

I got a big ol' dog, brand new apartment
Every bit of us gone, left you in Brooklyn
Now everything's different, I'm finally livin'
To the beat of my heart
You really got to me, you got to me

I could've spent forever blaming you for this
Pretending that you left me here for dead

But I woke and said, "Love is stupid"
I got up and got over you
Uh-huh, uh-huh, uh-huh, uh-huh
If I learned one thing from all this hurtin'
I'm amazing and you're the worst
Uh-huh, uh-huh
So I got up and got over you uh-huh
Uh-huh
So I got up and got over you

I'm runnin' but I'm not runnin' to you
I'm runnin' but I'm not runnin' to you, back to you
I'm runnin' but I'm not runnin' to you
I'm runnin' but I'm not runnin' to you, back to you

I woke up and said, "Love is stupid"
I got up and got over you
Uh-huh, uh-huh, uh-huh, uh-huh
If I learned one thing from all this hurtin'
I'm amazing and you're the worst
Uh-huh, uh-huh
So I got up and got over you uh-huh
Uh-huh
So I got up and got over you
```
