

Watch out!

Anya Marina

Downtown and I'm out all night
Shake-shake it, you got that right
I'm so bad you know
I won't be leaving here alone

I'll flirt with all your friends
I key up that pretty Benz
Keep talking, there's no way
You're leaving here alone
Leaving here alone

Ooh, you got it coming to you
You know I'm gonna mark you like a tattoo
Ooh, watch out! Ooh, watch out!
I got your number
Ooh, watch out! Ooh, watch out!
I got your number now

Now I got you oh so close
You'll be begging but no, no, no
You've been bad, you know
I won't be leaving you alone

That's right I'll make you pay
I'll do you the sweetest way
After tonight you know
You'll never wanna be alone
You'll never wanna be alone

Ooh, you got it coming to you
You know I'm gonna mark you like a tattoo
Ooh, watch out! Ooh, watch out!
I got your number
Ooh, watch out! Ooh, watch out!
I got your number now

You better believe it
You better believe it's outta your hands (whoa)
You know you're defeated
You never even stood a chance

(Ooh-ooh
Ooh-ooh)

Downtown we'll be up all night
Shake-shake it, you got that right
I'm so bad you know
I won't be leaving here alone
Oh, leaving here alone

Ooh you got it coming to you
You know I'm gonna mark you like a tattoo
Ooh, watch out! ooh, watch out!
I got your number
Ooh, watch out! ooh, watch out!
I got your number
Ooh, watch out! ooh, watch out!

Ooh, I got your number
Ooh, watch out! ooh, watch out!
I got your number now
Now
