

Hic Et Nunc

Aphrodite's Child

Here and now
Here and now

Fixing the ceiling
I got a feeling
Sing it again

Here and now
Here and now

Show me the season
Give me the reason
Sing it again

We got the system to fuck the System
We got the system to fuck the System
We got the system to fuck the System
We got the system to fuck the System

Here and now
Here and now

Whisper a meaning
Nobody's leading
Sing it again
Sing it again

Here and now
Here and now

I got a feeling
Somebody's missing
Sing it again
Sing it again

Here and now
Here and now

Here and now
Here and now
