

## Before the Dawn

April Wine

Lori, Laura, Lori, Lorelei  
Sunshine in the night  
You're makin' everything worthwhile  
You know I need your love  
Pretty lady, help me now  
But, do you love me?  
I got to know, I've got to know now

Oh, long ago I had a lady  
She looked a lot like you  
She lied to my face, yeah, such a disgrace  
I had to leave, couldn't play the fool  
Here I am again in love, baby  
I've been this way before  
I need your touch, need it so much  
I need you, I need you, I do

Baby-baby, be my friend  
You know I'm gonna love you all I can  
Before the dawn is breakin'  
I'm gonna change your mind, yeah-yeah  
And, you'll love me, baby, come on love me  
Come on Lorelei

If you spent a lifetime thinkin' 'bout the day  
Would you know how many nights I've cried?  
I see your face in my mind, I've tried  
But, I just can't find a way  
I need you bad  
Babe, you're tearin' me apart  
You know, you know I gave you  
Every little piece of my heart

Before the dawn is breakin'  
I'm gonna change your mind, yeah-yeah  
And, you'll love me, baby, come on love me  
Come on, Lorelei
