

# Vengeance Is Mine

Arch Enemy

Infestation  
Of spirit and flesh

Indignation  
Is all you left me with

Domination  
Your ultimate goal

Transmigration  
You will lose control

I will rise up and prove you wrong  
I've been waiting in the shadows for too long

The gates are opening - My true self unleashed

Laceration  
Of my mind and soul

Alteration  
Your truth is full of lies

Liberation  
Sweet revenge is mine

Devastation  
You will burn in my hell

I will rise up and prove you wrong  
I've been waiting in the shadows for too long

The gates are opening - My true self unleashed

Vengeance is mine!

The gates are opening - My true self unleashed
