

We Will Rise

Arch Enemy

Tear down the walls
Wake up the world
Ignorance is not bliss
So fed up with second best
Our time is here and now

I am the enemy
I am the antidote
Watch me closely
I will stand up - now

We will rise
Rise above

Stereotype Fools
Playing the game
Nothing unique
They all look the same
In this sea of mediocrity
I can be anything
Anything I want to be

We will rise
