

Follow the Sphinx

Arch of Hell

From the silence came the voice
Whispering to the wanderers
In their dreams gods uncover
The deepest secrets hidden

It's the mysterious voice
Which tells you thy will
If you listen you can attain
All the happiness of the world

Sphinx can help with your unsolved issues
His knowledge's godlike
He's intermediary of deity
You must try to follow the Sphinx
He hides everything
In mysteries of your dreams

/: Put your doom aside
Listen to me know
Great things will begin
Hear my silent voice :/
