

Without you
I haven't a clue
What to make of my daze

Oh my lord
It's so absurd
I hardly noticed you

Without you
My eyes are as blue
As a night in a jail

Oh my lord
I can't pretend
I hardly noticed you

Without you
There's no arms around my world
Although words weren't always spoken
I'm left here broken
But oh my lord
I hardly noticed you
