

# Ghost in the Firewall

Arena

Look for me here  
It's blacker than the night  
Look for me here  
But don't throw me in the light  
Keep me on the inside  
A part of the team  
Keep me on the inside  
I don't care what that means  
Oh, like the ghost in the Firewall  
Oh, like a virus in the system  
Oh, like the ghost in the Firewall  
Let me in  
Let me fade away

Look for me here  
My name is Legion  
Look for me here  
We are many - we are one  
Keep me on the inside  
Lost in the crowd  
Keep me on the inside  
Don't try to force me out

Oh, like the ghost in the Firewall  
Oh, like a virus in the system  
Oh, like the ghost in the Firewall  
Let me in  
Let me fade away  
Let me in  
Let me fade away  
Let me fade away
