

Without You

Aretha Franklin

I just can't get it together now without you baby
Oh I just can't reach to heaven without you yeah

Oh how can I miss your kissing night and days
Oh tell me baby
All I thought I had to do was get off and run baby run
How can I? How come a feeling's feelin' no desire tell me baby
All all I had to do was find somebody oh a little sweeter than
you

But I just can't get it together baby without you yeah
Oh I just can't reach to heaven now no no no no without you yeah

Oh how can I miss your kisses night and days tell me baby
All I thought I had to do was get off and run baby run

But I just can't get it together baby oh no without you yeah
Oh I just can't reach to heaven without you yeah
