

Oceans of Weep

Ariel Pink

A dolphin had died
And thousands did cry
Oh, as a whole
Can you hear the world singing
Yeah, I can tell

Creatures that weep in the ocean

They swim around the beach
And dance with the people
And through a picture of the sky
With a painting

The candles at night
Played with my eyes

Ooh

Creatures that weep in the

...

sleep

They run through the woods
Disguised in gray
And tag you when they want
To play

"I don't hear a word they're sayin'
Only the echoes of my mind..." - [Harry Nilsson (Everybody's Talking At Me)]

"Has anybody here seen my old friend John?" - [Dion (Abraham, Martin & John)]

They run through the hills
Disguised in gray
And flag you if
They want to play
