

# Don't Leave

ARIZONA

They say it's the darkest right before the dawn  
But I know there's no morning, there's no sunshine if you're gone  
By now, you're probably tired of chasing all my storms  
But don't put out your fire, I need you to lead me home

Don't leave, don't leave  
Oh-oh, me all alone  
Don't leave, don't leave  
Oh-oh, my unholy soul  
Don't leave, don't-  
Oh, I've broke some promises  
Oh, I've played some games  
I always hated thinking I needed you this way

But don't leave, don't leave, oh-oh  
Don't leave, don't leave, oh-oh  
Oh, don't leave  
Oh, I've broke some promises  
Yeah, I know I've played some games  
Oh-oh, I always hated thinking I needed you this way  
But don't leave, don't leave

I thought that I was strong enough to fight away the truth  
But all my swords and armor kept me far away from you  
And now my heart is tired with everything to lose  
So tell me what it is, what it is I have to do

Don't leave, don't leave  
Oh-oh, me all alone  
Don't leave, don't leave  
Oh-oh, my unholy soul  
Don't leave, don't-  
Oh, I've broke some promises  
Oh, I've played some games  
I always hated thinking I needed you this way

But don't leave, don't leave, oh-oh  
Don't leave, don't leave, oh-oh  
Oh, don't leave  
Oh, I've broke some promises  
Yeah, I know I've played some games  
Oh-oh, I always hated thinking I needed you this way  
But don't leave, don't leave
