

# Trouble

ARIZONA

I've been working on a bad reputation  
And I've been breaking lots of broken hearts  
I've been blowing all my money  
I've been waking up and washing off my credit cards

Moving too fast now, can't slow down  
Been getting high just to balance out the lows now  
It'll get better, but don't know how  
Oh, I'm tryna stay away but I know

Whoa, there's a devil in my head but I'm cool on the surface  
Whoa, yeah, I'm trying, I'm trying but I just can't stay out of  
trouble  
I just can't stay out of trouble

I've been drifting, losing touch a little lately  
And tomorrow's just another day  
I got some numbers with the bar full of lies  
And some I never got to say, oh-oh

Moving too fast now, can't slow down  
Been getting high just to balance out the lows now  
It'll get better, but don't know how  
But I'm tryna stay away but I know

Whoa, there's a devil in my head but I'm cool on the surface  
Whoa, yeah, I'm trying, I'm trying but I just can't stay out of  
trouble, whoa  
I just can't stay out of trouble, whoa  
I just can't stay out of trouble

Oh-oh-oh, oh-oh-oh  
I just can't stay out of trouble  
I just can't stay out of trouble  
Ooh

Oh-oh-oh, oh-oh  
I just can't stay out of trouble
