

Harbingers of Death

Arrayan Path

They're standing high, above the rest
Arms wide open, beard on chest
Pointing fingers, preaching fear
Forcing people to adhere

Screaming from their holy towers
Summoning unholy powers
Raising hell to have their way
Sowing spite and disarray

Spreading their ways through threat and doctrine
Harassing those who don't believe

Clerics of hate
Harbingers of terrible rage
Masters of fear
Preachers of unholy veneer
Harbingers of terrible rage
Clerics of hate

Their hitman is the young believer
Mindless minion, brainwashed dreamer
Recruited by religious crooks
To maim and kill for "holy book"

The deal is "sacrifice your life
And you'll be given lovely wives
Ten times seven virgin beauties
Here's the bomb, now do your duty"

Spreading their ways through eternal fire
Damning those who don't believe

Clerics of hate
Harbingers of terrible rage
Masters of fear
Preachers of unholy veneer
Dead ringers for demonic plague
Clerics of hate

Islam has been hijacked by insane powerbrokers
Preachers who have appointed themselves
Agents of god on earth
Making slaves out of the faithful and needy
Forcing them to do their bidding without question
Branding those who disagree with them as "apostates"
Calling those who don't believe "infidels" and "kaffirs"
Religious fascism on the rise

By fire and sword you spread your word
Intimidate the entire world
You're loathed and despised

The world has seen your type before
You shall not pass
Forevermore passage denied

Holy despots never learn
Bloody gods will crash and burn
You're never abided

The Inquisition came and went
And so will you, your time is spent
Never abided

Clerics of hate
Harbingers of terrible rage
Masters of fear
Preachers of unholy veneer
Harbingers of terrible rage
