

The Liberation Song

Arrayan Path

It was the start of communist scheme
a vision of equal division
to change the world, give a hand to the poor
a classless society

But did it succeed? How can it be?
Where is the freedom we long for?
I'm just a man, and what could I say?
I search for a different world

Safely surroudning with grace
this world of illusions (safely surrounding with grace this wo
rld of illusions)
Need to feel the power within my heart (Need to feel my heart
)
It's a place I belogn...

OFTEN THE NIGHT OFTEN THE DAY
OVER THE LIES AND THE DECAY
OFTEN WE SAIL INTO A SEA OF DESPERATION
OFTEN THE NIGHT OFTEN THE DAY
OFTEN TO GOD OH I PRAY
TO GIVE ME LIGHT AND RELIEVE THE DAMNATION

It's a place I belong...

This land of ice glows in the dark
sending a message to all of us
crystal the night, crystal the day
Oh let our people go free

Safely surroudning with grace
this world of illusions (Safely surroudning with grace
this world of illusions)
Safely surrounding again this world of illusions and it's time
to break free...

It's a place that I belong....
