

Jet Black Heart

Arrows to Athens

Everybody's got their demons
Even wide awake or dreaming
On the point you end up leaving
Make it okay

See a war I want to fight it
See a match I want to strike it
Every fire I've ignited
Faded to gray

But now that I'm broken
Now that you know it
Caught up in a moment
Can you see inside?

'Cause I've got a jet black heart
And there's a hurricane underneath it
Trying to keep us apart
I write with a poisoned pen
But these chemicals moving between us
Are the reason to start again

Now I'm holding on for dear life
There's no way that we can rewind
Maybe there's nothing after midnight
That could make you stay

But now that I'm broken
And now that you know it
Caught up in a moment
Can you see inside?

'Cause I've got a jet black heart
And there's a hurricane underneath it
Trying to keep us apart
I write with a poisoned pen
But these chemicals moving between us
Are the reason to start again

The blood in my veins is made up of mistakes
Let's forget who we are and dive in to the dark
As we burst into color we turn into life

'Cause I've got a jet black heart
And there's a hurricane underneath it
Trying to keep us apart
I write with a poisoned pen
But these chemicals moving between us
Are the reason to start again

To start again
