

Around unbroken circle, listening to oracle  
Campfire is glowing true blood red  
Loved ones and family far away  
We're getting closer every day

Our New Discovery will change the future of the world  
Our New Discovery will change the future of the world

You're in your ivory tower, I'm in the final hour  
To find the answers up ahead  
Loved ones and family far away  
We're getting closer every day

Our New Discovery will change the future of the world  
Our New Discovery will change the future of the world

Loved ones and family far away  
We're getting closer every day

Our New Discovery will change the future of the world  
Our New Discovery will change the future of the world
