

Time To React

Arthemis

They treat us like puppets and we suffer
It's time to react

Lose your self control and get rebel
Use your own head

Don't let them move you and be strong
Shot in their ass

'Cause these are the politics, the worst of all men

Fight, fight for your right
Fight for tomorrow's life

Fight, fight for your right
Fight for tomorrow's life

Don't you believe to these men
It's time to react

'Cause you've got the power in your hands
It's time to react

Why must we obey to these men
It's time to react

I'm sick of it all, it's time to change it, we can start tonight
t
To fight
Fight for your right
Let's fight!
Fight for your right

Don't be afraid of the masters
It's time to react
Time for rebellion, disaster!
It's time to react
I know it's so hard to make something
It's time to react
Now with a song we are starting
It's time to react!

Don't you believe to these men
And fight for your right!
