## **Time To React**

Arthemis

They treat us like puppets and we suffer It's time to react

Lose your self control and get rebel Use your own head

Don't let them move you and be strong Shot in their ass

'Cause these are the politics, the worst of all men

Fight, fight for your right Fight for tomorrow's life

Fight, fight for your right Fight for tomorrow's life

Don't you believe to these men It's time to react

'Cause you've got the power in your hands It's time to react

Why must we obey to these men It's time to react

I'm sick of it all, it's time to change it, we can start tonigh t To fight Fight for your right Let's fight! Fight for your right

Don't be afraid of the masters It's time to react Time for rebellion, disaster! It's time to react I know it's so hard to make something It's time to react Now with a song we are starting It's time to react!

Don't you believe to these men And fight for your right!
