

Thrasher

Artillery

Raise your hands
Thrasher!
Bang your head
Thrasher!
Scream it out
Thrasher!

Are you ready to kill
Can you take this mutha down
Are you in for the thrill
We're gonna demolitious this town

Can you reach for the sky
And sing this song out loud
Are you prepared to die
And go out with a shout

Have you sent it all
Do you feel you can stand the heat
Can you take the fall
Or do you not accept defeat

It goes round and round
Get into the pit
It goes round and round
Get into the shit
