

Love Back

Artist vs. Poet

Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me

(tell me now)

Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me

Found myself in a memory
Of you and I today
Mmm had a bittersweet ending
I thought I heard you say

Baby let's get out of here
We could run away
Find a place nobody's gonna miss us
Damn I miss ya everyday

You told me this love was never ending
But forever could start tonight
But I'm left here still pretending
Without you I'm alright

Cause I'm lost in a picture of you
Thinking about what I'm gonna do
Without you here by my side
Girl would you just tell my why
You left me here so paralysed
Tears in my eyes
Gotta find my way back to you

Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me

Find myself with a clear view
Of you and I today
No more looking in the rear view
No more chasing yesterdays

You told me this love was never ending
But forever could start tonight
But I'm left here still pretending
Without you I'm alright

Cause I'm lost in a picture of you

Thinking about what I'm gonna do
Without you here by my side
Girl would you just tell my why
You left me here so paralysed
Tears in my eyes
Gotta find my way back to you

Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me

And if this love is never ending
Then let's make forever tonight
Cause I know you're just pretending
And we'll be alright

Cause I'm lost in a picture of you
Thinking about what I'm gonna do
Without you here by my side
Girl would you just tell my why
You left me here so paralysed
Tears in my eyes
Gotta find my way back to you

Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me

Back back back to me
Gotta get your love back
Gotta get your love back
Back back back to me
