

Legions Bow To A Faceless God

As Hope Dies

Legions bow to a faceless God
Faithful to their lord
Willing to die for this savior
They can not see. they can not feel. wasting away
Brainwashed forever. unwilling to see the lies.
Bound and gagged from day one. wings broken with no chance to fly
I look into this empty sky with eyes of hate for you
Great deceiver. holy one. lord of deception. i denounce your name
Legions bow to a faceless God
Faithful to their lord
Willing to die for this savior
I look into this empty sky with eyes of hate for you
Great deceiver. holy one. lord of deception. I denounce your name
Legions bow to a faceless God
