

CALLDROPS

ASAP Rocky

("Money and the power, money and the power")

(Yeah) Eyedrops ("Fuckin' with the killas")

Teardrops

Droptops ("Fuckin' with the killas")

Ice blocks (beat drop, I drop)

I was thinking to myself (Calldrops)

Maybe I should seek some help

Maybe I should blame myself

My mistake in stealth is going away

("Gone and spent the money")

It's going away, it's going away

Eye drops

Teardrops

Droptops

Ice blocks

You used to be so soft

"This is a prepaid collect call from"

("Fuckin' with the killas")

You were for (teardrops)

"An inmate at Florida Correctional Institution

This call is subject to recording and monitoring"

Uh-huh, yeah I'm ready, got you on speaker

(All the pain I went through

Turned to a singer

I put it all on my tattoos

'Cause of where I came from

If I ain't ever learned before

"This call is subject to recording and monitoring"

Then this will be painful

Sleeping in institutions, I lost my baby

If that ain't ever woke me up, then it's gone wake me

But I'm keeping a light up on my fire, then they took my baby

I man on kind, is doing his time, but it's for no reason

I mean the kind, that ride the pipe, something you free—something you free—something you free)
