

# Lost In You

Ash

**A** **A7**  
Lying wide awake under strange skies.  
**Emi**  
Wanting to call you,  
**Bm**  
but it is late at night.  
**E** **A** **D**  
And you're far away, but you are  
**Bm** **Dm** **A** **A7**  
Always on my mind. I feel like I'm on fire, nothing I can  
**Bm** **Dmi**  
do. I'm troubled with doubt, though I know it is not true.  
**E** **A** **D**  
And it's times like these when I am  
**Bm** **Dm** **A**

Dying to speak to you. I'm dying to get through.  
**Bmi** **Dmi** **A**  
I'm dying to speak to you. Dying to get through.  
**Bmi** **Dmi**  
I'm dying to speak to you.

**A7** **Emi**  
Staring at the world, I sink inside. I'm thinkin bout it  
**Bmi**  
all, I get caught up in my life.  
**E** **A** **D**  
I can't think straight, because it's  
**Bm** **Dmi** **A** **A7**  
Tearing up my mind. I feel like I'm on fire, nothing I can  
**Bm** **Dmi**  
do. I'm troubled with doubt, though I know it is not true.  
**E** **A** **D**  
And it's times like these when I am  
**Bmi** **Dmi**  
Dying to speak to you, dying to get through  
**E7**  
dying to get through.  
**F#mi** **A** **F#mi** **A**  
The more I think, the more I need you. The more I think,  
**A** **As** **G**  
the more it seems true. And now it means more than I  
**Bm** **Dm** **E**  
ever meant it to, ever meant it to.

**B** **B7** **F#mi**  
Lying wide awake under strange skies. Wanting to call you,  
**C#mi**  
but it is late at night.  
**F#** **B** **E**  
And you're far away, but you are  
**C#mi** **Em** **B**  
Always on my mind. You are always on my mind.  
**C#m** **Emi** **B**  
You are always on my mind, you are always on my mind.  
**C#m** **Emi** **B**  
You are always on my mind, you are always on my mind.

**C#mi                      E#mi   B**

You are always on my mind.
