

Magnification of a Daydream

Ashent

Inconstant truth, hamletic doubt, the meaning of this lie,
pathetic rhyme, nighttime delights, unspoken reasons to feed
elusive secrets to reveal,
I'm waiting...

Inconsistent poise you create,
in every gesture you will shape
to exile from life, resistance.

I don't know exactly where I am,
magnification of a dream
familiar notes, a waning moon, a new relation from within:
You have the key to realize it and I'm waiting

Eve...
Forever we'll share this May,
look at the past as two lovers again
...in a crystal frame.
Coalescence of two hearts,
the art to be sick in a mutual decline...
or a rise...

Solo: Onofrio

Choose me / elective affinities
Love me / seduction's rule
Save me / from myself

Venice / my youth so close
Daydreams / seclusion and fall
Warsav / my conscience bleeds

Solo: Alessandro

Inconsistent poise you create,
in every gesture you will shape
to exile from life, resistance.

Eve...
Forever we'll share this May,
look at the past as two lovers again
...in a crystal frame.
Coalescence of two hearts,
the art to be sick in a mutual decline...
Flawless Lie!
