

## Tears

## Ashes You Leave

Tears  
Like the mountains and the forests  
Endless rivers of red rose  
Your heaven is satanic poetry  
Your heaven is when  
I bleed  
Through the bleeding heaven  
Through the clouds of dying children  
Tears  
While my youth still lived and grew  
Horizon of wide sights  
Sadness only far away  
But where are you now distance...  
Blood of the holy body  
Are you here to hold me, to kiss me  
Go away you hurt me...  
With every sunrise, new sadness, new pain
