

What I've Become

Ashlee Simpson

I walk alone inside these walls and it's not easy being me
It seems like everytime I escape there's another following
Being prone and, yeah they're coming
I can feel them shooting me, without asking
Lights are flashing but I guess that

It's what I've become, let me live as who I am
Never wanted nothing, but you don't let me breathe as who I am
I've just begun, I've just begun, I've just begun to find my way
I've just begun, I've just begun, I've just begun to find my way

There's not a pill to take to save me from this heartache
But I have no regrets I'm hoping for a better day
There's not a pill to take to save me from this heartache
But I have no regrets I'm hoping for a better day

It's what I've become, let me live as who I am
Never wanted nothing, but you don't let me breathe as who I am
It's what I've become, let me live as who I am
Never wanted nothing, but you don't let me breathe as who I am

I've just begun, I've just begun
I've just begun to find my way...
I've just begun, I've just begun
I've just begun to find my way...
