

Let Me Down Again

Ashley Monroe

You say you had to go
And why you didn't know
I tried to understand

When you call me from Santa Fe
And said you needed one more day
And you'd be back to hold my hand

Ah but you let me down again

And winter turned to spring
And you called from Tennessee
And you got the best of me

You promised me you wouldn't stay
In Memphis one more day
And you'd be back to hold my hand

Ah but you let me down again

And you called from the coast
Saying you were lost
And it was me you missed the most

You promised me you wouldn't stay
In Mobile more than one more day
And you'd be back to hold my hand

And you called me from Bellmore
And said you needed one more day
And you'd be back home again

You promised me you wouldn't stay
In Denver more than one more day
And you'd be back to hold my hand

And you called me from Santa Fe
And said you needed on more day
And you'd be back home again

Ah but you let me down again
