

# The Blade

Ashley Monroe

I let your love in, I have the scar  
I felt the razor against my heart  
I thought we were both in all the way  
But you caught it by the handle  
And I caught it by the blade

You said "goodbye, it's not the end  
And if you need me, I'm still your friend"  
Well, that's easy for you to say  
Cause you caught it by the handle  
And I caught it by the blade

That's the risk you run when you love, when you love  
And you give it all you've got to give  
Knowing all along there's a chance, there's a chance  
You'll reach and they won't  
You'll bleed and they don't

For you, it's over; for me, it's not  
I kept trying and you just stopped  
Now I know how you can sound so brave  
Cause you caught it by the handle, baby  
And I caught it by the blade

That's the risk you run when you love, when you love  
And you give it all you've got to give  
Knowing all along there's a chance, there's a chance  
You'll reach and they won't  
You'll bleed and they don't

I thought we were both in all the way  
But you caught it by the handle  
And I caught it by the blade  
You caught it by the handle, baby  
And I caught it by the blade
