

# Knockout

Ashlyne Huff

I can feel my heart beat through my chest  
I'm about to go in distress  
I'm a mess, I confess  
It's like you hit me with the right, oh no  
Everything inside you stole  
I'm too stunned to fight, falling  
I'm done, you've won

CHORUS:

Your kiss is like a knockout, whoah  
Your kiss is like a knockout, whoah  
Your kiss is like a knockout  
1, 2, 3, whoah, 1, 2, 3  
I'm down for the count  
1, 2, 3, whoah, 1, 2, 3  
I'm down for the count

It's so real, what you're doing to me  
Wait a second I can't breathe  
You're so quick on your feet  
It's like you hit me with the left, oh no  
Everything inside you stole  
I'm too stunned to fight, falling  
I'm done, you've won

(CHORUS)

You knocked me down, when I wasn't here looking for love  
But I'm falling now

(CHORUS)
