

Love Is War

Ashlyne Huff

It's like we live in a battle ground,
you and me against what surround,
It's got to be that we always stick together
Cause every night every single day
there will be too many heart beats breaking
Doesn't mean that we're gonna put the withe flag up.

Love is war and I'm a fighter
It won't kill us babe, just make us stronger.
Love is war and we're survivors.
We can make it through it all,through it all .
If we know what we're fighting for,
cause love is war...

Love is war...

I pray to God just to keep us safe,
give us life for another day,
as a bullets fly right over,over
Another soldier hits the ground,
makes me think about what i found in you,
and I'm never gonna give this up.

Love is war and I'm a fighter
It won't kill us babe, just make us stronger.
Love is war and we're survivors.
We can make it through it all,through it all .
If we know what we're fighting for,
cause love is war...

Love is war...

You can't let your guard down
it's a battle ground
But I believe in love...

is war and I'm a fighter
It won't kill us babe, just make us stronger.
Love is war and we're survivors.
We can make it through it all,through it all .
If we know what we're fighting for,
cause love is war...

Love is war...
yeah love is war...
love is war
