

# Make It Rain

Ashlyne Huff

I don't really want to talk about it  
Just want it to go away  
I know you're trying help me out  
It's nothing I gotta chase

You want to fix my problems  
You want to fight my battles  
You want to make it better  
Like a love letter  
You want to be my hero  
You want to hold my hand  
You want to make it better  
For ever and ever

You know what you can do  
You can make it rain  
I don't want you see me crying  
Just hold me in your arms  
So we can both forget  
'Cause you're just as wet  
Don't care what you do, just make it rain  
Make it rain, make it rain

I don't really want to make a scene  
Today I want to blend in  
I love that you want to listen  
But I just want to keep it in

You want to fix my problems  
You want to fight my battles  
You want to make it better  
Like a love letter  
You want to be my hero  
You want to hold my hand  
You want to make it better  
For ever and ever

You know what you can do  
You can make it rain  
I don't want you see me crying  
Just hold me in your arms  
So we can both forget  
'Cause you're just as wet  
Don't care what you do, just make it rain  
Make it rain, make it rain

I feel better than I did  
I wonder if I'm still crying  
Because of this rain, I don't know what to say  
Thank you for making my pain go away

Just make it rain

You know what you can do  
You can make it rain  
I don't want you see me crying  
Just hold me in your arms

So we can both forget  
'Cause you're just as wet  
Don't care what you do, just make it rain  
Make it rain, make it rain

Never knew what you can do  
'Til I fell in love with you  
Every day is something new  
Be together 'til we're through
