

Heaven

Asia

In the distance, I can see them
On the trade winds, across stormy seas.
They are many, please believe me,
There's something to find,
There's someplace here deep inside of my mind.

There is a time where,
There is no place here.
Tell me if you get there...
Heaven

Can you see this land I'm dreaming?
Such a place, I hope we will find.
Is it there now? Tell me where now,
'Cos I need to know.
Believe... It's still deep inside of my mind.

There is a time where,
There is no place here.
Tell me if you get there...
Heaven
