

Eight Of Nine

Ataris

E **Asm** **A-C#m**
These hospital walls are the palest of white
B **A2**
here in this desert they're reciting my last rites
B
the smell of these halls
E
brings temporary comfort
Asm **A**
as the oxygen flows through my blood
B **E-Asm**
el corazon was poisoned tonight...
A **B**
she's on her eight of nine.

E **Asm**
When half of all your prayers are insincere,
A **B-A**
the other half are lies.
E **Asm** **A-C#m**
here is this watermark under this bridge.
B
the point where it all crested,
A2
rolled back and drifted into the sea.
B
i climb from this wreckage
E **Asm** **A**
as the smoke begins to clear from my lungs.
B **C#m**
the closest of close calls has happened tonight.

B
It's time that i made things right
A2
for the first time,
B-C#m
since the last time
B
let this moment of clarity
A2
lift this curse that has been cast upon me.

A2 **B**
Appreciate the good times,
E **Asm-A**
but don't take the worst for granted.
Asm
'cause you only get so many second chances
E-Asm (4x)
