

# Make Me Believe It

## Atlanta Rhythm Section

All things are not lasting  
And all dreams don't come true  
Seems nothing's for the asking  
We pay the piper, but he just plays the blues

Is anything forever?  
I really wish I knew  
You say we'll always be together  
But you have no proof

Make me believe it  
Show me that it's true  
You can ease my mind  
Just take your loving time  
Make me believe in you

All of us are searching  
For all we haven't got  
Some of us may find it  
But some may not

You say you've found the answers  
But words are not enough, no  
I say seeing is believing  
When it comes to love

You got to  
Make me believe it  
Show me that it's true  
You can ease my mind  
Just take your loving time  
And make me believe in you

Make me believe it  
Show me that it's true  
Make me believe it  
Show me that it's true  
Make me believe it  
Show me that it's true  
Make me believe it  
Show me that it's true...
