

Females

Atlantic Starr

She's fine
Wow! She sure is
Wonder what her name is

Whoo, la-la, la, la, la, la
Da-da, da, da, da, da
Da-da, da, da, da, da

Females all around me
Lookin', oh, so fine
Oh, how they astound me
They really, really blow mind, yeah
Females give me energy
They make me want to play, yeah
Then they get real naughty
And make me want to stay

Everywhere I go, it's like paradise
Girls come out to us
From everywhere, yeah
All dressed up
With fancy clothes and makeup
And a thousand different ways
To wear their hair, ooh...

Females all around me
Lookin', oh, so fine
Oh, how they astound me
They really, really blow mind, yeah
Females give me energy
They make me want to play
Then they get real naughty
And make me want to stay

They come to our show just to party
And to let us know
How good we make them feel
If it were up to me
They'd all come over after the show
And I'd put our record on
And we'd get down to the real deal

Females all around me
Lookin', oh, so fine
Oh, how they astound me
They really, really blow mind
Females give me energy
They make me want to play, yeah
(So much energy)
Then they get real naughty
And make me want to stay

There's females in the lobby
And outside by the pool
Oh, let them stay and party
'Cause females are so cool
There's females in the hallway

They say they wanna be our friends
I gotta push away my bodyguards
And let those females in, ooh!

Let 'em in, come on!

Wow!
Dave, look at this girl over here!
Whoo!

Ladies over here
Sugars over there
Girls over here
Sugars everywhere, oh...

Females give me energy
They make me want to play
(So much energy)
Then they get me naughty
Naughty, naughty, naughty, naughty

Females all around me
Lookin', oh, so fine
Oh, how they astound me
They really, really blow mind
Females give me energy
They make me want to play
Then they get real naughty
And make me want to stay

Females all around me
Lookin', oh, so fine
I'm in paradise
All the pretty girls around me
Females give me energy
They make me want to play
Then they get real naughty
And make me want to stay...
