

If You Knew What's Good for You

Atlantic Starr

You know, you know, you know, you know
If you only knew
If you knew just how good
My love is good for you

It's twelve o'clock
And I just can't stop
Thinking about you
You get me hooked
Whether I like it or not
There's nothing I can do
We've been friends a long time
It's time to make a change
I want to make you mine
Your heart will never be the same
Listen up!

If you knew what's good for you
You'd be with me
You'd be with me
If you could stop and see
What's meant to be
You'd be with me
If you knew what was good for you
You should be with me
What's good for you
If you knew what was good for you
You should be with me
What's good for you
My love is good for you

You tell me you don't know
If you'll ever find
A love that will be true
All you have to do is open your eyes
It's right here in front of you
You need advice, well, that's nice
'Cause it's comin' your way
I don't need to thick twice
There's something I've just got to say
Baby doll!

If you knew what's good for you
You'd be with me
You'd be with me
If you could stop and see
What's meant to be
You'd be with me
If you knew what was good for you
You should be with me
What's good for you
If you knew what was good for you
You should be with me
What's good for you
My love is good for you

My, my, my, my, my, my, my, my, my

Yeah, yeah, yeah, yeah

I am the one you've been missing
The very thing that you've been wishing for
It's right in front of you
It could be parallel, right next door
So open up your eyes and see
The love that you've been missing all this time
You can't deny it
So you might as well try it

Baby, it's me, it's me
My love is good for you
So don't waste your time
I can think of better things
For you to do

If you knew what's good for you
You'd be with me
You'd be with me
If you could stop and see
What's meant to be
You'd be with me
If you knew what was good for you
You should be with me
What's good for you
If you knew what was good for you
You should be with me
What's good for you
My love is good for you

Oh, you should be with me
Baby, baby, we were meant to be
Yes, we were, yes, we were
Baby, if you only knew what was good for you
You'd be right here, you'd be right here
You'd be right here, you'd be right here
Oh, baby, you should be with me, yeah...
