

# Lookin' for Love Again

Atlantic Starr

Ah...

Yeah, yeah

Here's that same sad empty feeling  
That we felt the first time  
Love walked out the door, mm-hmm  
You broke up into pieces  
'Cause you and I, we really did love her so  
But we can't fall apart this time, no, no  
We just can't give up on a new find  
For she's only just a girl who was blind  
And she failed to see  
When she had in you and me

So come on, heart of mine  
Let's pack it up, get on the road  
Lookin' for love again  
Whoa, come on, heart of mine  
We're much too young  
We must go on lookin' for love to share

You and I, we must remember  
That one little girl  
Just can't stop the show, no, no  
And just like the love  
We thought that we have found  
There's another one out there waiting on us  
And this time, she'll be the right girl  
And she'll realize  
That there's no better catch than us around  
And she'll blend right into our world  
Then we can rest assured  
That our love will be safe and sound

Oh, come on, heart of mine  
Let's pack it up, get on the road  
Lookin' for love again  
Oh, come on, heart of mine  
We're much too young  
We must go on lookin' for love to share

Oh, you and me  
We can't afford to get discouraged  
'Cause there's a special girl  
Out there for every guy  
So let's put this pain  
And emptiness behind us and move on

Oh...  
(Heart of mine, heart of mine)  
Don't fail me now, please  
(Lookin' for love again)  
We gotta keep on moving  
Keep on moving down the road  
(Heart of mine, heart of mine)  
Just don't sit there  
Hold your head up high

(Lookin' for love again)  
Hold it up so high  
Let your head touch the sky

(Heart of mine, heart of mine)  
'Cause there's a new love, the right girl  
(Lookin' for love again)  
She's waitin' around the corner  
She's waitin' around the bend  
All we got to do is get there  
(Heart of mine, heart of mine)  
All we got to do is get there  
All we got to do is get there  
(Lookin' for love again)  
Get there, me and you  
We gotta get there  
So don't fail me now...
