Baby you know the nights are forever without you And I'm planning to make up for lost time So hold me, don't let go of me Let your love flow like never before Seems it's been a lifetime But you were worth waiting for Even after you give me your love

Give me more and more and more And more and more, I'll take all that you have Give me more and more and more And more and more, cos I never get enough of your love

Nobody knows what tomorrow may bring Baby so let's take advantage of the times we have So hold me, don't let go of me Let me fill you with all the love that I got Cos you are the find that I don't wanna ever lose Can't you see I stay hungry for you

Give me more and more and more And more and more, I'll take all that you have Give me more and more and more And more and more, cos I never get enough of your love, no, no

I love you tonight, I love you forever Can't imagine living here without you We can feel that this feeling's real We'll just keep pouring fuel on this red hot flame

So hold me, don't let go of me Let me fill you with all the love that I got Cos you are the find that I don't wanna ever lose Can't you see I stay hungry for you

Give me more and more and more And more and more, I'll take all that you have Give me more and more and more And more and more, cos I never get enough of your love No, no, no, no, ooh
