

# The Otherworld

Atrocity

I see you on a magic horse  
You take me away across the sea  
A promise of returning back  
We enter a world of mystery

Tir na nog  
The Otherworld  
Tir na mbeo  
The otherworld

A life between fairies and ghosts  
The land of the eternal youth  
Living in an endless dream  
My heart is longing for home

Tir na nog  
The Otherworld  
Tir na mbeo  
The otherworld

I touch your hair of gold  
You tell me not to go  
Embar, bring me home  
You tell me not to go  
Embar, bring me home

Three turned into 300 years  
Returning to my father's land  
It's left in ruin and despair  
I set my feet on the ground

Tir na nog  
The Otherworld  
Tir na mbeo  
The otherworld
