

No Excuses

Attack Attack!

Open up your broken heart to anyone
And then gather up your sympathy before it's gone
I don't care if you don't care anymore
There's nothing left of us worth fighting for

The answer, your question
It's best if we don't mention
The reasons, no excuse

Open up your broken heart to anyone
And then gather up your sympathy before it's gone
Let's pretend that we're still friends when we know
That we have reached the end and lost all hope

The answer, your question
It's best if we don't mention
The reasons, no excuse
No excuses

It's best if we don't mention
The reasons, no excuse
