

Anger Aggression

Attacker

Lost my mind
Have need, it feeds
From deep inside
Hatred will rise

Feel the anger
The aggression
Hear the anger
The aggression

Out of control
Dark thoughts, take hold
Brain cells divide
What's coming, can't hide

Feel the anger
The aggression
Hear the anger
The aggression

No turning back
Too late, gonna crack
Damage is done
Anger has won

No turning back
Too late, gonna crack
Damage is done
Anger has won

Feel the anger
The aggression
Hear the anger
The aggression

Anger

Feel it now
