

Garuda

Attacker

In the time before time all the world
was full of harmony
our souls were born clean
Then came the wicked serpents
to enslave all men

Bursting forth with fire and rage
Inferno from his birth
beast born of flame
We knew from that moment on
nothing would be the same

Look now, behold
Great wings unfold
Fire beast now grows
Legend foretold

Irradiated beast born of fire
now comes, you must prepare
it's taking flight again

Brighter than a thousand suns
his force
The snake eater comes to cleanse
the earth of all its sin and hate
fall to your knees
Crack of thunder,
nothing can blot out his scream

You won't escape his wings
or the cleansing that he brings
Can you feel his force?
He will free the world of sin!

CHORUS:
GARUDA! GARUDA! GARUDA!
GARUDA! GARUDA! GARUDA!

SOLO:

You won't escape his wings
or the cleansing that he brings
Can you feel his force?
He will free the world of sin!

CHORUS

SOLO:

His wings beat the air
with the fury of a 1000 hurricanes
run for your lives
Helpless bodies are flying
through the air
Eyes of fire are searching
through the wreckage of the Earth
his deed no is done!

Now the might one flies
into the sun so high...
