

Nail It Down

Attacker

Four beasts in one man
Soaring down
Shrieks aloud
Fate steals with silent tread
We lived a thousand deaths

By the throat nail it down

Three beasts in one man
Grotesque enigma
Danger gathers
Treasures rise
A fortnight now it's time
By the throat nail it down
Crush its spine nail it down

Two beasts become one
We've fed off our fright
Now unmasked, now revealed
It's no worse than you or I
