## **Nail It Down**

## **Attacker**

Four beasts in one man Soaring down Shrieks aloud Fate steals with silent tread We lived a thousand deaths

By the throat nail it down

Three beasts in one man
Grotesque enigma
Danger gathers
Treasures rise
A fortnight now it's time
By the throat nail it down
Crush its spine nail it down

Two beasts become one Wei; 2ve fed off our fright Now unmasked, now revealed It's no worse than you or I
