

## Washed In Blood

Attacker

Forty days and forty nights I have wandered  
Through this desert and my soul...  
I feel this is my destiny  
I have fasted and I have seen the visions  
What does my Father want of me?

Is it my blood? Is it my body?  
Am I the one? What is this before me?

I have been tempted  
in the sands by the Serpent  
for possession of my soul  
But soon all of our sins are...

Washed in the blood of the Nazarene  
Cleansed by the blood of the Nazarene  
My Father's vision was foreseen...  
Washed in the blood of the Nazarene

Is there a way for this cup  
to be passed from me?  
My Father, now I say to you  
For I am just a mortal man - Am I not?  
I have faced Legion and cast out the demons  
I have cured the sick in man!  
My Son, your blood shall cleanse them
